PARESH KUMAR

DEVOPS ENTHUSIAST

EDUCATION

Vashista Degree College – Nirmal

Bachelor's Degree in bs.c computer science – kakatiya university

Vashista Junior College–Nirmal

Board of intermediate education

TECHNICAL SKILLS

AWS : IAM, S3, EC2,VPC, Athena and redshift.

SERVERLESS COMPUTING : Lambda, SQS, SNS

API Gateway, Infrastructure as code : Terraform

DEVOPS TOOLS : GIT, Ansible, Jenkins and Docker Programming

Assembling and Disassembling the computer, Cabling.

Troubleshooting. Installing and Configuring Devices of Window 10.

Languages : Python, HTML (BASIC) Knowledge of chip level and basic electronics

STRENGTHS

- **AWS Expertise**
- Proficient in AWS services such as IAM, S3, EC2, VPC, Athena, and Redshift

- **Innovative**
-Empowering Success Through Innovative Solutions ,A Dynamic Professional with Expertise in Hardware, Networking, AWS

SUMMARY

Dedicated and skilled professional with expertise in computer hardware and networking, as well as proficiency in various AWS services such as IAM, S3, EC2, VPC, Athena, and Redshift. Experienced in serverless computing, utilizing Lambda, SQS, SNS, and API Gateway to streamline operations. Adept at implementing Infrastructure as Code (IaC) with Terraform to ensure efficient and scalable infrastructure deployment. Well-versed in DevOps practices, leveraging GIT, Ansible, Jenkins, and Docker for seamless integration and continuous delivery. Possess foundational knowledge in programming languages including Python (basic) and HTML (basic). Proven ability to contribute to the design, implementation, and maintenance of robust IT solutions

EXPERIENCE

Rudra computers

2019–2022

-Worked as Computer Hardware Technician

- Established and successfully managed a computer service and sales business for nearly 5 years, specializing in hardware repairs, software troubleshooting. Demonstrated hands-on experience in repairing and maintaining a wide range of computer systems, ensuring timely and efficient resolutions for clients

- Proficient in diagnosing and repairing a wide range of computer hardware and software issues. Stayed current with industry trends and technological advancements to provide cutting-edge solutions.

PROJECTS

DEPLOYING AND MANIPULATING AWS SERVICES USING TERRAFORM:

• This Terraform-based Infrastructure as Code project streamlines cloud infrastructure provisioning and management by encoding configurations in HCL. It automates deployment, ensuring consistency and scalability across multiple cloud providers. By leveraging Terraform's versioning, collaboration features, and modular approach, it enables teams to efficiently orchestrate, modify, and track infrastructure changes, fostering automated, reliable, and collaborative infrastructure management at scale.

PERSONAL PORTFOLIO WEBSITE DEPLOYMENT

• Designed, developed, and deployed a personal portfolio website using HTML, CSS, and JavaScript. Leveraged Git for version control and hosted the website on GitHub Pages for seamless online accessibility. The project involved creating an interactive and visually appealing portfolio to showcase skills, projects, and achievements. Implemented responsive design principles for optimal user experience across various devices. Used Git commands for efficient collaboration and version management throughout the development process, ensuring a streamlined workflow. This project not only demonstrated technical proficiency in web development but also showcased effective utilization of version control and deployment tools for successful project delivery

PERSONAL DETAILS:

- Date of Birth   : 13-06-1995
- Marital Status   : Unmarried
- Language Known   : Marathi, Hindi, Telugu, English
- Nationality/Religion : Indian
